

# Keeping your Facility, Team Members and Guests Safe with Personal Protective Equipment

Providing your staff with proper equipment and supplies is vital to keeping your operations safe. Take a look at our personal protective equipment and supplies.

## Disposable Gloves

The right glove for any application, from poly gloves for frequent glove changes, to nitrile gloves for an enhanced barrier of protection, our complete line of disposable gloves has what you need to keeping your operation safe.

## Face Mask

Disposable face masks are designed to protect the consumer from airborne particles and liquid. Perfect for FOH and BOH team members.

## Aprons

Sysco aprons protect uniforms and clothing, and combined with proper hygiene practices can help reduce cross contamination and transmission of viruses and bacteria.

## Hand Wipes

Bulk or individually wrapped hand sanitizing wipe for use in foodservice, healthcare and hospitality industries.

## Hand Sanitizer

Alcohol based hand sanitizers to quickly reduce the number of microbes on hands.

## Thermometers

Take a person's temperature with minimal or no contact. It will help drive consumer confidence in knowing that all employees are temperature checked prior to the start of their shift.
